17	Product Dimension (l*w*h in mm)	410 x 230 x 260
18	Drum Size (diameter * height in mm)	Ø190 x 175
19	Motor Speed (rated load)	1350 RPM
20	Drum Speed (without load)	155 - 160 RPM
21	Box Contents	Grinder Unit, User Guide and Spatula

Recommended Measure and Grinding Time *

Grinding Medium	Load Condition	Measurements before soaking	Soaking Time in Hrs	Water to be added
Rice (Raw / Boiled)	Minimum	106 g	4	100 ml
	Maximum	780 g	4	780 ml
Dhal	Minimum	41 g	2	80 ml
	Maximum	195 g	2	390 ml

1 cup (200 ml) – 180 gms of idly rice

1 cup (200 ml) – 180 gms of black gram

Grinding Instructions

Rice and Dhal should be ground separately.

For better grinding result, do grind rice first and dhal next.

Do not use cut pieces of coconut; instead use only shredded coconut for grinding.

*Results under lab test conditions and may vary with actuals

HOW TO OPERATE YOUR ULTRA mini TABLE TOP GRINDER

Sequence of Operation

After unpacking, remove the hatch, hold the arm and press lock to release, then swing the arm upwards and rest it suitably

Lift the drum and remove the stone assembly. Wash and clean them thoroughly

Place the drum on pulley coupler. Gently rotate till the drum fixes itself

Place the roller assembly in the drum in position as printed on the arm channel above the drum

Close the arm and press gently to lock automatically

Take a cup of water and pour it into the drum

HOW TO OPERATE YOUR ULTRA mini TABLE TOP GRINDER

Connect the power cord and set the timer to desired grinding time by pressing the up or down keys. Now press the ON key to start grinding. In case of a power cut, there is no need to reset the timer. When power resumes, just press the ON key. The grinder will operate only for the remaining grinding time

Add the grinding medium in small quantities with adequate water and close the drum with hatch

When it reaches the preset grinding time the buzzer beeps and the grinder stops automatically. To stop the grinder at anytime, press the OFF key

Remove the hatch, hold the arm and press lock to release, then swing the arm upwards and rest it suitably

Remove the roller stone assembly and wipe down the batter on the stones into the drum

Remove the drum and use required amount of batter. Store the rest in your refrigerator

Note:

For pulses/cereals, always add in small quantities to ensure even grinding

MAKE YOUR ULTRA mini WORK LONGER

DOs

- Make sure you keep your Ultra Wet grinder clean and dry, always
- When not in use, disconnect the power cord from the mains
- For best results and trouble-free performance, use Ultra Wet grinder only as specified in this User Guide
- Be alert and cautious while operating in the presence of children and physically challenged persons
- Always keep your Ultra Wet grinder away from heat sources
- Always keep your hand on the arm channel while unlocking
- Lift the appliance at its base
- Clean the drum and roller assembly thoroughly after every use
- Ensure that the grinder is in unlocked position while not in use
- While placing the roller holder stone assembly inside the drum, always ensure that the wiper position is as given in the instructions, printed on the arm channel above the drum

DON'Ts

- Do not immerse the body in water. Do not wash the body under running water
- Ensure no water enters the timer
- Do not run the grinder empty for more than a minute
- Do not use any other attachments. Use only those recommended by us
- Do not put your hand into the drum while grinding
- Do not unlock the arm while in operation
- Do not insert sharp objects into the slits. This would damage the parts inside
- Do not lubricate any parts with oil/grease
- Do not keep the drum upside down after washing
- Do not attempt to repair the grinder yourself. If there's any fault, contact Customer Care

TROUBLESHOOTING CHART

PROBLEM	REASON	SOLUTION
Grinder does not run	No power supply	Check mains
	Loose connection of wire cord	Contact Ultra Customer Care
Grinder starts but drum stops suddenly	Overloading of grinding medium	Remove medium and add in small quantities
	Low belt tension	Contact Ultra Customer Care
Grinder is noisy	Insufficient water	Add water as required
	Incorrect wiper position	Check and correct the wiper position as printed on arm channel
Takes more time to grind	Excess quantity, insufficient soaking time	Reduce quantity or check manual for correct grinding measures
	Incorrect wiper position	Check and correct the wiper position as printed on arm channel
Grinder overheating	Low voltage	Operate at 230 V AC 50 Hz
	Low belt tension	Contact Ultra Customer Care
Vibration	Motor housing air vents blocked	Use a dry brush to clean air vents
	External heat source	Keep the grinder away from external heat sources
Grinder / Drum smells	Uneven platform	Place the grinder on stable and horizontal platform
	Motor burnt	Contact Ultra Customer Care
Grinder stops automatically when it is switched on	Drum / Roller Holder Assembly not cleaned well	Clean the drum / roller holder assembly
	Faulty switch	Contact Ultra Customer Care
Arm does not lock	Roller assembly not cleaned well	Unscrew roller and clean under running water
	Roller not cleaned properly after use	Unscrew roller and clean under running water
Roller not rotating	Excessive loading/insufficient water	Remove excess grinding medium Add water as required
	Roller stuck on pin	Unscrew roller pin and clean

In case of abnormal operating conditions, contact Ultra Care Centre

Warranty- Terms & Conditions

Elgi Ultra Limited (hereinafter referred to as "the Company") guarantees this product for normal home use against defects in materials or workmanship for a period of 5 years on the wet grinder and 1 year on the timer from the date of original retail purchase. During the said period, the Company has the option to either repair or replace parts free of charge, if this product is returned personally or sent through prepaid courier to our Ultra Care Centres, along with proof of purchase and guarantee card duly filled in by the retailer.

The decision of the Ultra Care Centres in determining the cause of failure and repairs required to be carried out will be final and binding under this warranty and cannot be canvassed either by dealer or the retail purchaser on any ground whatsoever. The warrantor shall not be liable for any transportation cost or any damage due to or during transit of the product either way. Repaired units under warranty will be returned to the customer at his/her risk and on "to pay" freight basis.

This Warranty shall NOT apply:

- For wear and tear to the product
- For grinder hatch
- Involvement in an accident
- If the product is purchased from any unauthorised source
- If repairs or product modifications and/or alterations have been carried out by unauthorised service organisations or persons
- If the product is being used for commercial purposes
- If the defect is caused by abuse or misuse of the product or by environmental conditions that are not in conformance to the recommended operations of the product
- If the defect is caused by its connection to peripherals, additional equipment or accessories other than those recommended by Ultra
- If the product has been used for any other purpose other than wet grinding
- If the warranty card and/or a purchase bill is not produced at the time of repair

In no event will the Company be responsible for any loss or damage, directly by or consequential to, careless, negligent handling or misuse of this product.

This Warranty is expressly in lieu of all other warranties expressed or implied (statutory or otherwise) and of all other obligations or liabilities on the Company's part. No person, agent, distributor, dealer, service centre or company is authorised to change, modify or extend the terms of this Warranty in any manner whatsoever.

The Company's liability under this Warranty is restricted to only repair of the product and does not involve any replacement, monetary payment or damages. Any doubt/disputed claim under this Warranty shall be subject to arbitration by an Arbitrator appointed only by the Company. The arbitration shall be at Coimbatore only.

Please Note:

- The Warranty is applicable only for purchase made through authorised dealers in the country of purchase
- The above Warranty is applicable only for materials/components and not for service/labour charges incurred in rectification/repair
- For any charges applicable, kindly refer to the Customer Care section of our website www.elgiultra.com

FOR YOUR KIND ATTENTION

- Please read all instructions and warning before using this product. Keep this user guide, sales receipt and warranty for future reference and use
- In case of any mechanical faults, call Ultra Customer Care. Do not attempt to repair it yourself
- This user guide provides important information on proper operation and maintenance. Every effort has been made to provide the details with as much accuracy as possible. We reserve the right to change or upgrade the product or any part thereof without prior notice
- The instructions appearing in this guide are not meant to cover all possible conditions and situations that may occur. We urge you to exercise common sense, caution and care when setting or using this product
- While unpacking check to make sure all parts listed are included. If you find anything missing or broken or damaged, kindly call Customer Service
- The design, specifications and price are subject to change without prior notice
